THANK YOU AGAIN FOR CHOOSING THE CASTLETROY PARK HOTEL, YOU ARE VERY WELCOME.

CYRIL LAFFAN  
GENERAL MANAGER

## Air Conditioning & Heating

1. Power the unit using ON / OFF button. Green light will indicate that the unit is on.
2. The below symbols will allow to set the room temperature to your liking. Please ensure that the symbol appears on the unit screen.

Recirculate Air

Cool

Heat

Humidify

Fan

3. Adjust the temperature by pressing arrows up or down.

4. Change the fan speed to ensure faster room temperature adjustment.

5. Please allow at least 10 minutes for the room temperature to adjust.

*Should you have any further queries please dial '0' for reception.*

## **Safety and Security**

Dial '0' for the Hotel Operator

Throughout the Hotel corridors 'Break Glass' alarm activation units are located to sound the alarm. When the alarm sounds, the elevators will return immediately to the Lobby level and remain there until the alarm is cleared. A fire evacuation diagram is provided on the back of your guest room door.

On arrival, all guests are urged to become familiar with the location of the fire exits, 'Break Glass' units and fire extinguishers.

An alarm test takes place on Monday morning at 11am where the alarm will sound for 10 seconds this is a test an evacuation is not necessary.

### **Once In Your Room We Recommend That You:**

1. Become familiar with the walkways leading to and from your room.
2. Choose a wall and as you walk to each exit, count the doors along that wall between the exit and your room. This helps you remember the distance and location of exits and may help you to find an exit when it is dark or smoky.
3. Locate the nearest fire extinguishers and 'Break Glass' unit to your room.
4. Inspect your room and know how to open and close the windows.
5. Keep your room key with you.

### **If You Discover a Fire**

If you discover a fire, smoke or unusual heat please remain calm and dial 0 for the Hotel Operator to report what you have seen.

### **To Evacuate**

1. Keep a wet cloth over your nose and mouth.
2. When you leave your room, take your room key with you.
3. Close all windows and doors as you leave the area.
4. Close the bedroom door behind you to help prevent the fire from spreading.
5. If there is smoke or it is dark, remain calm and proceed to the nearest fire exit, following the illuminated exit signs.
6. Hotel Personnel will direct you to the emergency assembly point to the front of the Hotel and left to the lower carpark.

### **If You Cannot Leave Your Room**

1. Stuff a wet towel under the door.
2. Fill your bathtub with water. Regularly re-moisten the wet cloths that are keeping the smoke out.
3. Hang a sheet out of your window to signal your presence to fire fighters. Keep the part of sheet still inside the room wet with water from the tub. Do not break the window. Keep the window closed.

## **Environmental Awareness**

As part of our commitment to the environment we the green team need your effort and support to help us achieve our goals & targets.

The following are some minor items that you could do for us during your stay in order to help us be more energy efficient at The Castletroy Park Hotel.

- If you would like to re-use your towels leave those on the towel rails if you want them changed place them in the bath.
- Turn off all lights & air conditioning when leaving the room.
- Turn off the TV when leaving the room and any appliances you may have including plugging out chargers that are not in use.
- Avoid unnecessary use of water.
- Leave any recyclable items beside the general waste bin and we will dispose of them correctly.

We would also like to hear your comments therefore if you see anything that you feel may benefit us please note this on the comment card and the comments will be passed to the green team leader.
